

COMBINATION BUILDING INSPECTOR II
SENIOR COMBINATION BUILDING INSPECTOR

City of Salinas, California

INSPECTOR II: \$65,952 - \$84,180 annually.

SENIOR INSPECTOR: \$81,384 - \$103,872 annually.

Plus Excellent Benefits

The City of Salinas (pop. 155,205) is the 34th largest city in California and the largest city in beautiful Monterey County.

Combination Building Inspector II: The City is seeking an experienced Combination Building Inspector II to inspect routine and complex structural building systems at various stages of construction, alteration, repair, and relocation and assist in the review of building plans and specifications for compliance with City and State codes and ordinances.

At a minimum, candidates must possess a High School Diploma/GED, two years of experience as a building inspector in a public agency, and certification as a Building Inspector by the International Code Council or equivalent.

Senior Combination Building Inspector: The City is seeking an experienced Senior Combination Building Inspector to participate in the inspection of complex structural building systems at various stages of construction, alteration, repair, and relocation, conduct plan checks, coordinate and schedule inspections, and participate in the review of building plans and specifications.

At a minimum, candidates must possess an Associate's degree in building inspection technology, four years of increasingly responsible experience in supervision and building inspection, and Certification as a Building Inspector by the International Conference of Building Officials. Certification as an electrical, mechanical, plumbing and/or combination inspector is desirable.
