

SENIOR CIVIL ENGINEER OR ASSOCIATE CIVIL ENGINEER

Otay Water District

Spring Valley, CA

Salary: \$118,374.01 - \$163,133.44 Annually

Are you an experienced, registered Professional Civil Engineer who can independently perform complex designs of water/wastewater infrastructures in a time sensitive manner? Do you possess exceptional problem-solving skills? If so, we would like to hear from you. The ideal candidate will administer and evaluate consultant proposals and bids and assist in drafting and finalizing proposals and contract documents for bidding and award. We also welcome veterans and transitioning military.

Both positions require: A valid California Class "C" Driver's License and a safe driving record. A valid certificate of registration as a Professional Civil Engineer issued by the State of California. Experience: Senior Civil Engineer: Five (5) years experience in civil engineering preferably performing planning, design and project management for water, wastewater, and reclaimed water facilities, including three (3) years of experience managing consultants. Associate Civil Engineer: Three (3) years experience in civil engineering preferably performing planning, design, and project management for water, wastewater and recycled water facilities projects and operations.

Education: Both positions require a Bachelor's degree in Civil Engineering or a closely related field.

Applications will be accepted until there are a sufficient number of highly qualified applicants from which to make a selection. However, for the earliest consideration, please submit your application materials by March 26, 2023. For information on the recruitment process, please go to the Employment section of our website www.otaywater.gov. EOE.
