

**METROPOLITAN
TRANSPORTATION
COMMISSION**

SECTION DIRECTOR

TECHNOLOGY SERVICES SECTION (TSS)

Metropolitan Transportation Commission (MTC)

San Francisco, CA

Salary: \$216,415.89 - \$269,086.06 Annually

Remote Employment: Flexible/Hybrid

The ideal candidate will be comfortable with ambiguity and able to execute with limited information and evolving prototypes. In addition, the candidate will be capable of expertly maintaining a culture rooted in diversity and inclusivity; and possess the ability to apply an equity lens both internally to the IT operation as well as externally to the services provided.

This individual will be responsible for formulating and executing the agency's overall technology vision, ensuring the alignment of IT initiatives with MTC's objectives. This individual's leadership will be instrumental in identifying and providing outstanding customer support, implementing cutting-edge technologies, fostering a robust IT infrastructure, and empowering teams to deliver exceptional results.

Completion of a Master's degree from an accredited college or university in an appropriate discipline. Alternatively, a Bachelor's degree or equivalent combination of education and experience is acceptable.

Minimum of six years of increasingly responsible experience effectively leading and managing a division or department doing related work. Experience should include a minimum of four (4) years senior management experience in agency administration, operations, management or similar position.

This job posting will remain open until a qualified pool of applicants is established. First review of applications will occur on Friday, August 25, 2023. IF YOU ARE INTERESTED, PLEASE APPLY IMMEDIATELY.
