

ASSISTANT ENGINEER (UTILITIES)

City of Coachella, CA

\$90,158.83 - \$109,588.63 annually.

plus excellent benefits and 4/10 work schedule

The City of Coachella, located at the eastern edge of the world-famous Coachella Valley and within Riverside County, covers 32 square miles, serves over 47,000 residents, and is 130 miles east of Los Angeles. Incorporated in 1946, the City has 86 full time employees and owns and operates its own Water Authority and Sanitary District.

The City is seeking an experienced, organized, and detail-oriented professional to serve as Assistant Engineer in our Utilities department. Under the general supervision of the Utilities Manager, performs engineering work in several engineering disciplines for municipal projects.

EDUCATION AND EXPERIENCE/LICENSES AND CERTIFICATIONS: Equivalent to graduation from an accredited four-year college or university in Civil Engineering, or closely related engineering field providing appropriate engineering education related to the specialty area, and two (2) years of professional engineering experience. Registered as an Engineer-In-Training (EIT) in the State of California. Must have basic knowledge of principles, practices and procedures used in municipal utilities and/or public works. Previous work with a public agency is highly desirable. Valid certificate as an Engineer-In-Training issued by the California State Board for Professional Engineers. Valid California class C driver's license with satisfactory driving record and automobile insurance.

DEADLINE TO APPLY: Position open until filled. Interested applicants must complete an online application at www.coachella.org. EOE.
