

ASSISTANT OR ASSOCIATE ENGINEER

City of Patterson

Assistant Engineer \$93,111.72 up to \$113,177.88 Annually

Associate Engineer \$102,777.96 up to \$124,927.20 Annually

The Director of Engineering, Building and Capital Projects is looking for a qualified individual to perform a variety of professional level duties and responsibilities in support of the City's engineering functions including research and analysis for design, land development and capital improvements; to provide information and assistance to applicants, developers, consultants, the general public, and outside agencies and organizations regarding City codes, policies, standards and processes related to engineering, building and capital projects; and to participate in planning and implementation of projects. The ideal candidate will have AutoCAD and Geographic Information System (GIS) experience; be self-motivated, team-oriented, reliable, flexible and able to thrive in a fast-paced environment; have knowledge of and the ability to apply principles, practices and methods used in engineering construction and design; have knowledge of applicable federal, state and local laws and regulatory codes; have municipal or related experience; be an adept communicator, both orally and in writing, who enjoys research, and professional and technical engineering work; have superior computer skills, with the ability to create spreadsheets using Microsoft Excel and complex formulas; and have knowledge and understanding of budgeting.

Minimum Qualifications: Education: A Bachelor's Degree from an accredited college or university with major course work in civil engineering or a related field. Experience: Assistant Engineer - Two years of increasingly responsible engineering experience equivalent to an Engineering Technician II (a Master's degree in civil engineering or a related field may be substituted for one year of required experience) and possession of an EIT Certificate. Associate Engineer - Three years of increasingly responsible engineering experience equivalent to that of an Assistant Engineer and possession of a certificate of registration as a Civil Engineer.

For more information about the position and to apply, visit the City's website at www.ci.patterson.ca.us under "Employment Opportunities." Final filing date: Open until filled. The first review of applications will occur when the City has received a sufficient number of applications.
