

SR. CIVIL ENGINEER / ASSOCIATE CIVIL ENGINEER /

ASSISTANT CIVIL ENGINEER I, II

Otay Water District

San Diego, California

\$86,649.99 - \$168,027.44 Annually

The Otay Water District offers excellent benefits & work life balance!

Are you a Civil Engineer who can design water/wastewater infrastructures in a time sensitive manner? Do you possess exceptional problem-solving skills? If so, we would like to hear from you. The ideal candidate will administer and evaluate consultant proposals and bids and assist in drafting and finalizing proposals and contract documents for bidding and award. We also welcome veterans and transitioning military. Consider joining a team of hardworking employees who work to protect and preserve water, one of our most valuable natural resources. The experience you've gained during your service can continue to positively impact the world with a career at Otay.

We currently have two (2) vacancies and are looking to appoint at any of the following levels depending upon qualifications and experience: Sr. Civil Engineer, Associate Civil Engineer or Assistant Engineer I/II. The positions are in the Design / Planning / Water Resources Section of the Engineering Department and report directly to an Engineering Manager. The positions are responsible for the planning, design, construction management and overall project management of Otay Water District Facilities. One position will focus on planning and the other design. The Engineering Department is responsible for the Planning, Budgeting, Design, Construction, and Inspection of all Otay Water District facilities as well as the administration of all developer and new customer construction and service applications. Projects include facilities for water, recycled water, sewer and support facilities, such as pipelines, reservoirs, pump stations, wells, ponds, and a treatment plant. The Engineering Department also manages an annual Capital Improvement Program (CIP) of approximately \$15.3 million (2024). The Department has a staff of approximately 29 employees supplemented by the services of consultants.

For the complete job description and position requirements please visit the employment section of our website by going to www.otaywater.gov/employment.

APPLY IMMEDIATELY! Applications will be accepted until there are a sufficient number of highly qualified applicants from which to make a selection. However, for the earliest consideration, please submit your application materials by April 17, 2024. To apply, please visit www.otaywater.gov/employment
