

COMPLIANCE MANAGER

San Joaquin Valley Air Pollution Control District

\$9,673.04 - \$11,759.87/mo.

The District is currently conducting a recruitment for an Air Quality Compliance Manager to fill a vacancy

in the Compliance Department in the Modesto office. Under direction from the Director of Compliance, the Air Quality Compliance Manager manages the workload and resources of their team and is responsible for accomplishing established District and departmental goals and objectives.

Qualified candidates will have a bachelor's degree from a four year college or university with major coursework in chemistry, physics, engineering, environmental science, or a related scientific discipline, and four years of applicable environmental and/or air quality experience, two years of which the lead level or above is preferred.

Interested candidates must submit a completed official SJVAPCD application form by 5:30 p.m. on Wednesday, May 8, 2024. To apply, visit valleyair.org.
