

DEPUTY CITY ENGINEER

City of Hesperia, California

Salary: \$141,492 - \$172,476 DOQ

Plus Excellent Benefits

The City of Hesperia is looking for a team-oriented, collaborative leader to continue addressing the needs of the community both today and in the future with their planning, design, and construction of the infrastructure of the City. Visit the City's Employment Page for more information!

Education and Experience: Any combination of education and experience that has provided the knowledge, skills and abilities necessary for the position of Deputy City Engineer. A typical way of obtaining the required qualifications is to possess the equivalent of a bachelor's degree from an accredited college or university in civil engineering, or a closely related field; five (5) years of progressively responsible experience in the field of civil engineering or a closely related field; collaborations with elected officials, staff, developers, businesses, and residents and at minimum two (2) years of direct administrative leadership responsibility. A master's degree is desirable.

License/Certificate: Possession of, or ability to obtain, a valid class "C" California driver's license. Possession of and ability to maintain a Professional Civil Engineer License (PE) as issued by the California Board for Professional Engineers, Land Surveyors, and Geologists
