Tri-City is seeking to fill vacancies for a Psychiatric Technician I/II in the Adult Outpatient Program/Adult Full-Service Partnership (FSP) Program. The Psychiatric Technician I/II position is ideal for individuals motivated by the challenges and opportunities of working with an engaged and active community. This role involves providing a wide range of adjunctive medication support services. Reporting to the Medication Support Team Supervisor and the Crisis & Medication Support Manager, the Psychiatric Technician I/II will work a 9/80 schedule.

Psychiatric Technician I/II: Equivalent to a level of education and course of study, which would qualify as an accredited program for incumbents to obtain licensure as a Psychiatric Technician in the State of California. Experience: Zero to two (2) years of experience performing medication management and support duties for behavioral health clients.

Possession of a valid Psychiatric Technician licensure issued by the California Board of Vocational Nursing and Psychiatric Technicians, to be maintained throughout employment.
