

SENIOR INFORMATION SYSTEMS (IS) ANALYST -
DESKTOP TEAM SUPERVISOR

County of Nevada, CA

\$99,876 - \$121,929 annually, plus excellent benefits package

Outstanding opportunity! Seeking a Senior Information Systems (IS) Analyst - Desktop Team Supervisor to coordinate the IS training program and provide analytical evaluation of IS team performance. Help support our enterprise vision of excellent services by aiding and guiding the Desktop Services Team and by implementing and being responsible for training and support programs that seek to enhance County employee use and function of technology systems.

Minimum requirements include a Bachelor's degree, preferably in computer science, information technology, business administration, geographic information systems, geography, or a closely related field with an emphasis on information systems, and three years of experience working at a level comparable to a Nevada County Information Systems Analyst II or Geographic Systems Analyst II. Additional experience may substitute for education on a year-for-year basis for up to two years.

Open until filled. Applicants are encouraged to apply immediately. For full details and to apply, please visit <https://nevadacountyca.gov> (click "County Careers"), or call 530-265-7010 for general information.
