

SENIOR CIVIL ENGINEER

City of Dixon, California

\$122,660.69 - \$149,094.83 annually

The City of Dixon is actively recruiting for a Senior Civil Engineer to join our dynamic Department of Engineering/Utilities. The Senior Civil Engineer will be responsible for planning, coordinating, supervising, and reviewing engineering work related to the design, construction, inspection, and maintenance of public works projects. The role also includes the dynamic responsibilities of transportation planning, supervisions of contracts/projects, and management for the successful operation of the City's wet utilities (water, sewer, and drainage).

The ideal candidate will have a bachelor's degree in civil engineering or a related field; minimum two years of professional level civil engineering experience similar to an Associate Civil Engineer; possession of a current certificate of registration as a licensed Professional Civil Engineer issued by the State of California; and possession of a valid California Class C Driver's license and a satisfactory driving record are conditions of initial and continued employment.

APPLY IMMEDIATELY! Applications will be reviewed weekly, typically on Mondays. Apply online at: www.cityofdixonca.gov. EOE.
